

Application Number 10/687,084  
Amendment dated November 19, 2004

REMARKS

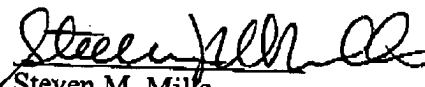

The present amendment is submitted with a Request for Continued Examination.

The specification and claims are amended herein to clarify clerical errors in the application. The amendments to the specification are made to clarify the description of the invention and to insure that the description is consistent with the drawings. The subject matter clarified by the amendments herein was in the application as originally filed in the drawings and other portions of the specification. Accordingly, no new matter is added by the amendments. The claims are amended to remain literally consistent with the amended specification. No new matter is added by the amendments to the claims.

In view of the amendments to the specification and claims, it is believed that all claims pending in the application are in condition for allowance, and such allowance is respectfully solicited. If a telephone conference will expedite prosecution of the application, the Examiner is invited to telephone the undersigned.

Respectfully submitted,
